TECHNICAL DATA SHEET

pH INDICATOR PAPER

pH paper is impregnated with an indicator or a mixture of indicators which, on contact with the solution to be analysed, takes on a colour depending on the pH of that solution.
Using the paper is an economical and quick method for routine or field analyses requiring the determination of pH in aqueous solutions within seconds
The box is supplied with a colour chart for determining the pH of the solution by comparison with the colour obtained on the strip.
HS CODE 38229000

Boxes of 100 strips

pH scale	Graduation	Reference
0-14	1/1	**562.001**

Boxes of 200 strips

pH scale	Graduation	Reference
0-14	1/1	**562.005**

5-metre roll

pH scale	Graduation	Reference
1-14	1/1	**562.005-R**
